

SG ECO FUND PROJECTS AWARDED FOR 5TH GRANT CALL

Note: Some projects are no longer in progress. They may have been completed, withdrawn or terminated.

As of July 2024		
S/N	Recipient/Organisation	Project Title and Summary
252.	Animal Welfare Academy	<u>Beach Clean Ups and Marine Biodiversity Educational Talks</u> <ul style="list-style-type: none"> Conduct beach clean-ups and marine biodiversity educational talks with preschoolers. Set up collection points in preschools and engage children to collect plastic recyclables.
253.	Ariessa Koh Hwi-Eun	<u>Sustainable Living Workshops and Roadshows</u> <ul style="list-style-type: none"> Engage communities through interactive talks to empower individuals to make conscious consumer choices and adopt sustainable lifestyles. Enable participants to create their own eco-friendly alternatives to conventional products like soap and recycled paper and plastics through workshops.
254.	Chong Pang Zone 3 Residents' Committee	<u>Chong Pang Zone 3 RC Book Exchange Corner</u> <ul style="list-style-type: none"> Collect used books from residents and set up a self-run book exchange library corner at an HDB void deck.
255.	Ding Yi Music Company	<u>ECONcert</u> <ul style="list-style-type: none"> Organise a concert at the Esplanade featuring repurposed plastic materials as instruments to educate the audience on the misconceptions of recycling and to promote upcycling. Project a film screening of snippets of a documentary film 'Wasted,' in relation to the musical pieces and 'waste' instruments used.
256.	EB Impact	<u>Sustainability Exchange Season 4: Capacity Building Workshops</u> <ul style="list-style-type: none"> Onboard existing youth-led startups, social enterprises and community initiatives, and create a launchpad to support these groups to maximise impact.

257.	Gardens by the Bay	<u>Bioblitz: Uncovering a Nature Positive Garden</u> <ul style="list-style-type: none"> • Hold a Bioblitz Weekend Festival for World Wildlife Conservation Day. • Recruit citizen scientists to record, identify, and learn about biodiversity in GB by joining biodiversity surveys.
258.	Green Action Centre Pte Ltd	<u>Green Parade 2024</u> <ul style="list-style-type: none"> • Organise a social media campaign and leadership bootcamp for youth to discuss and share their ideas for climate action. • Organise a Green Parade and community clothes swap event with fringe activities for families.
259.	Jia Ying Community Services Society	<u>Repair Clinic @ Jia Ying Active Ageing Centre</u> <ul style="list-style-type: none"> • Partner with Sustainable Living Lab to train volunteers at weekly repair clinic sessions at the centre. • Teach seniors how to repair common electrical appliances and household items, and educate seniors on how to run and maintain a repair clinic themselves.
260.	Kranji Countryside Association	<u>KCA - Eco Harvest Farmer's Market Where Sustainability Grows</u> <ul style="list-style-type: none"> • Organise a 2-day farmer's market featuring local produce by farmers and conduct education workshops for visitors.
261.	Kuo Chuan Presbyterian Primary School	<u>Upcycling Plastics</u> <ul style="list-style-type: none"> • Collect, sort and upcycle plastic waste for an art installation to commemorate the school's centennial anniversary. • Reach out to nearby communities to give educational talks and hands-on workshops on converting plastic waste into tiles.
262.	Mushroom World Academy Pte Ltd	<u>Growing Sustainable Food & Reducing Food Waste at Home – Mushroom Farming</u> <ul style="list-style-type: none"> • Conduct workshops for residents to educate them on growing mushrooms in their own homes.

263.	NTUC Health Co-operative Limited	<u>Repair Club @ NTUC Heath AAC (Mount Faber)</u> <ul style="list-style-type: none"> Engage repair coaches from Sustainable Living Lab to set up a Repair Club and conduct repair lessons for common electrical appliances and household items. Seniors at the Active Ageing Centre will organise weekly Repair Club sessions for residents to repair their items together.
264.	Outgrown CIC	<u>Outgrown Uniform: Educating gen α on Textile Waste</u> <ul style="list-style-type: none"> Educate primary school children on the environmental impact of the textile industry through a comic series. Conduct workshops on understanding the environmental impact of textiles and practical upcycling projects.
265.	Pasir Ris East Citizens' Consultative Committee	<u>Greenwave 2024</u> <ul style="list-style-type: none"> Organise a community green festival at Pasir Ris Sports Centre, including activities such as a kayak river cleanup, upcycled fashion show and e-waste collection drive.
266.	Ping An Green Residents' Committee	<u>4everGreen@ChaiChee</u> <ul style="list-style-type: none"> Construct a multi-level urban farming and hydroponics structure with integrated rainwater collection system, to grow different types of vegetables and fruits at Ping An Green community gardens. Engage residents through workshops on food waste reduction and smaller scale planting structures.
267.	Pro Bono SG	<u>Green Justice!</u> <ul style="list-style-type: none"> Conduct a series of guided nature tours at Woodlands Botanical Garden intertwining nature appreciation with legal education for the public and youths. Mobilise partners and volunteers to produce content on environmental law for guided tours and marketing collaterals, as well as facilitate the tours.
268.	Singapore Environment Council	<u>Secret Seashores</u> <ul style="list-style-type: none"> Conduct experiential trails, workshops, and activities for schools and students, focusing on mangrove habitats. Conduct workshops involving mangrove clean-ups and the upcycling of plastics.

269.	Srushti Santosh Kamat	<u>Using Social Virtual Reality (VR) to Enhance Attitudes Towards Plastic Waste Pollution</u> <ul style="list-style-type: none"> • Conduct a day-long event featuring a VR project called 'Drop in the Ocean,' to educate on the harmful impact of ocean microplastics on marine biology. • Engage participants on a conversation about their experiences with plastic pollution.
270.	Sustainable Energy Association of Singapore (SEAS)	<u>Clean the Seas with SEAS</u> <ul style="list-style-type: none"> • Organise a beach clean-up event, featuring educational booths to share about clean energy technologies and how they can help mitigate the effects of climate change.
271.	Temasek Polytechnic	<u>A Sustainability Camp for Educators</u> <ul style="list-style-type: none"> • Conduct a 2-day sustainability day camp designed for educators across various subject domains. • Engage educators on developing action plans to incorporate sustainability in the classroom.
272.	Tham Wen Yun	<u>After-School Holiday Program</u> <ul style="list-style-type: none"> • Conduct a holiday programme to engage youths through litter-picking and educational nature walks, plastic upcycling workshops and visits to a plastic recycling company.
273.	That WKND Company	<u>Vintagewknd Trashion Week</u> <ul style="list-style-type: none"> • Organise street cleanups at various locations and feature the events on social media. • Engage participants to wear upcycled fashion based on the theme of the session (e.g. beach-inspired outfits for beach cleanup).
274.	The Interchange LLP	<u>Sew Green</u> <ul style="list-style-type: none"> • Empower seniors from Lions Befrienders with basic sewing skills to upcycle discarded rice bags into functional products. • Hold a physical showcase to publicise the project and raise awareness on upcycling.
275.	Wild Space LLP	<u>Earth in Focus Singapore Nature Film Festival</u> <ul style="list-style-type: none"> • Organise a nature film festival, bringing the community together to celebrate the environment, nature and wildlife using forms of visual art.

As of November 2024

276.	Advance Recycling Enterprise Pte Ltd	<u>Advance Recycling Education Outreach Campaign</u> <ul style="list-style-type: none"> • Implement an interactive exhibition in the heartlands to educate the public on the importance of recycling and upcycling. • Conduct sustainability activities to engage the public and collect e-waste for recycling.
277.	Apeiron Agrocommodities Pte Ltd	<u>Community UCO Machines</u> <ul style="list-style-type: none"> • Organise workshops and roadshows to address the lack of awareness and accessible infrastructure for responsible used cooking oil (UCO) disposal among households and small food businesses. • Deploy a reverse UCO vending machine in the community to make the collection of used cooking oil more convenient.
278.	Bukit Panjang Government High School	<u>Eco-Stewardship @ BPGHS</u> <ul style="list-style-type: none"> • Educate and involve students in water conservation activities. • Students will be tasked to plan and conduct age-appropriate water conservation activities for partner preschools.
279.	Bukit Purmei Zone A Residents' Network	<u>Smart Farm Initiative (August 2024 – August 2025)</u> <ul style="list-style-type: none"> • Set up an indoor hydroponics system to grow vegetables in a community space at a residential block's void deck. • Conduct workshops and visits to a local farm to educate residents about growing vegetables.
280.	Chua Tze Xin John	<u>Little Green Guardians</u> <ul style="list-style-type: none"> • Conduct programmes for preschools and primary schools to introduce basic sustainability concepts. • Set up mobile recycling stations to showcase how to recycle waste materials into usable items.
281.	EcoSense Enviro Solutions Pte Ltd	<u>Embarking Schools Towards Sustainability via Student Engagement</u> <ul style="list-style-type: none"> • Organise a guided programme to teach students different aspects of carbon accounting and greenhouse gas emission factors and teach students to collect data and conduct sustainability audits for their schools.

282.	Fraction Design Pte Ltd	<u>Sustainable Seedling Summit 2025</u> <ul style="list-style-type: none"> Organise an event to educate businesses about sustainable practices and showcase businesses that have adopted sustainable practices or are providing solutions.
283.	Ganesh Kumar	<u>iNaturalist Monthly Citizen Science Training Workshop</u> <ul style="list-style-type: none"> Conduct BioBlitz sessions where participants will record sightings of flora and fauna on iNaturalist. Invite speakers to share about selected topics on nature and biodiversity.
284.	Goh Kai Jia Esther and Han Jianxiong Jonathan	<u>Plastic Trashure</u> <ul style="list-style-type: none"> Conduct a workshop to educate residents on recycling plastic waste. Set up physical collection points within the residential estate and conduct a fortnightly collection drive for plastics.
285.	Habitat Collective Pte Ltd	<u>Waste To Treasure in Orchard Road</u> <ul style="list-style-type: none"> Collect food waste and cardboard waste from F&B tenants and use it to create compost for a rooftop community garden. Conduct a food fermenting workshop, Christmas Market and garden fairs with activities on composting and creating potting mix.
286.	Imaginable Ltd	<u>ECO Friends with Puppetry + A Green Talk cum Gardening</u> <ul style="list-style-type: none"> Produce a digital show and conduct interactive activities to educate preschool children about climate change and food waste.
287.	Institute of Mental Health	<u>Upcycling T-shirts into Tote Bags: Reducing Waste and Engaging the Community</u> <ul style="list-style-type: none"> Conduct a t-shirt collection drive to collect materials for upcycling. Train suitable patients to upcycle textiles into usable items and conduct workshops at external outreach events.
288.	Jalan Besar Upper Boon Keng Residents' Committee	<u>Happy Garden</u> <ul style="list-style-type: none"> Engage residents through workshops on gardening, plastic upcycling and cooking with local produce to cultivate environmental stewardship.

289.	Khoo Teck Puat Hospital	<u>Plastify Our Waste</u> <ul style="list-style-type: none"> Engage staff on the collection and sorting of recyclable medical plastic waste. Organise learning journeys and interactive booths for staff and the public to learn how to upcycle plastic waste into functional or decorative items.
290.	Kwong Wai Shiu Hospital	<u>Our Green Journey: Building a Sustainable Environment at KWSH</u> <ul style="list-style-type: none"> Implement a recycling education programme comprising talks, workshops and a green carnival for staff, residents and patients, and other vendors and partners.
291.	Little Stories Pte Ltd	<u>Waste Not, Cook A Lot!</u> <ul style="list-style-type: none"> Develop hands-on sustainable culinary education workshops that teach the public about the impact of food waste and how to cook with less food wastage.
292.	Lim Siyun and Tang Eelyn	<u>Project Next Chapter</u> <ul style="list-style-type: none"> Produce and distribute children's books on the theme of sustainable fashion. Conduct storytelling sessions and parent-child textile upcycling workshops for the community.
293.	Maple Bear Learning Place Pte Ltd	<u>Kindy Farms</u> <ul style="list-style-type: none"> Set up an indoor hydroponics farm to engage preschool children in the upkeep of the farm and harvesting of produce. Conduct a workshop for children, parents and staff to learn about food security.
294.	National Healthcare Group Diagnostics	<u>Lab Waste Zeroland</u> <ul style="list-style-type: none"> Conduct sharing sessions for staff on reducing common non-hazardous lab waste and household waste, who will share their knowledge with their respective labs. Organise a plastic upcycling workshop and a book and clothes exchange event for staff and the public.
295.	National Healthcare Group Polyclinics	<u>Healthier Earth. Healthier Me.</u> <ul style="list-style-type: none"> Set up an engagement booth at Sembawang Polyclinic to introduce sustainability concepts to staff and the public. Organise an outreach event with climate change talks and uniform upcycling workshops.

296.	Nee Soon South Zone B Residents' Network	<u>Learning Centre for Sustainability through Permaculture Principles</u> <ul style="list-style-type: none"> • Establish a Learning Centre to inspire sustainable community actions around permaculture. • Conduct workshops for schools in the vicinity on permaculture farming and train volunteers to manage the existing farm and centre.
297.	Neo Gek Mui	<u>Revive and Recycle Art</u> <ul style="list-style-type: none"> • Organise upcycled art workshops for the community using plastic bottles and old t-shirts/textiles. • Organise a roadshow in the heartlands which will have interactive booths and upcycled artwork displays.
298.	PM.Haze	<u>Haze-Free Horizons: A Youth-led Vision for a Sustainable Southeast Asia</u> <ul style="list-style-type: none"> • Set up an interactive exhibition on the topic of haze pollution, tropical peatland forests, and sustainable agriculture, in partnership with the Sustainable Singapore Gallery at Marina Barrage. • Organise workshops for youth to brainstorm potential solutions on topics such as haze pollution in Southeast Asia.
299.	Ren Epic Education Pte Ltd	<u>The EnVActors Program</u> <ul style="list-style-type: none"> • Conduct workshops for students to create podcasts to talk about conservation issues. • Develop an Eco-Playbook for preschools and primary schools to implement classroom activities and conduct a train-the-teachers workshop to equip educators with skills and knowledge.
300.	Rosemary Tan Swee Lin	<u>Crafted Tapestry</u> <ul style="list-style-type: none"> • Collect fabric waste from furniture makers' sample booklets and work uniform makers' offcuts. • Conduct sewing workshops for participants to upcycle these fabrics into usable products.
301.	Singapore Deep-Tech Alliance Ltd	<u>SG Eco Loop (Pilot)</u> <ul style="list-style-type: none"> • Engage tertiary students through a skills and capacity-building programme to learn concepts of zero waste, recycling initiatives and infrastructure in Singapore. • Organise workshops for students to develop proofs-of-concept ideas to tackle plastic recycling issues.

302.	Singapore Youth For Christ	<u>YG Environmental Responsibility</u> <ul style="list-style-type: none"> Engage at-risk and disadvantaged youths through upcycling workshops, beach clean-ups, and nature walks.
303.	Tan Shi Hui Melissa	<u>Alter: A Collective Art Project for All Ages</u> <ul style="list-style-type: none"> Organise workshops for the public to upcycle unwanted synthetic clothing into art and inculcate behavioural shifts to more mindful consumption. Display the final artworks at selected collectives' spaces and events to engage the attendees.
304.	The Circular Classroom	<u>ReGENerate: Connecting Generations - Repurposing School Uniforms for a Greener Tomorrow</u> <ul style="list-style-type: none"> Conduct collection drives for used school uniforms and organise intergenerational workshops for students and seniors to repurpose the school uniforms into art installations or functional products.
305.	The Singapore Scout Association	<u>Plastics Forward</u> <ul style="list-style-type: none"> Create a mobile plastics recycling station at Sarimbun Campsite to engage camp participants to recycle plastic waste into coasters. Collect plastic waste from participants and restaurants/cafes.
306.	The Transmutation Principle	<u>Sustainability in my Community</u> <ul style="list-style-type: none"> Educate residents and students on different sustainability topics through a series of card game workshops. Identify and train interested participants as sustainability champions to run sessions for the broader community.
307.	Willoughby Niki Lee Yan Xing	<u>BioBloom - Fertiliser from Institutional Waste</u> <ul style="list-style-type: none"> Engage student and staff volunteers from Ngee Ann Polytechnic to create tech-enabled composting bins for collecting food and horticultural waste. Conduct workshops and talks on food security and composting for the students at Ngee Ann Polytechnic and resident colleges at the National University of Singapore.
